VOL. XVIII.

SHINER, LAVACA COUNTY, TEXAS, THURSDAY MORNING, SEPTEMBER 22, 1910.

NO. 6

Science has developed something infinitely better than the old-style wrap or clamp.

"PITTSBURGH PERFECT" FENCES ARE WELDED BY ELECTRICITY.

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

A WRAP holds moisture, cracks the galvanizing and allows the water to attack the bare wire. A small amount of dissolved galvanizing on "PITTSBURGH PERFECT" REINFORCES THE PROTECTION AGAINST RUST AT THE ELECTRICALLY WELDED JOINT, examines the joint.

STAYS CANNOT SLIP. They are always fast when they are put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Every Rod is Guaranteed Perfect.

Don't allow your prejudice in favor of the rapidly-declining and now antiquated method you have heretofore known, to warp your good judgment.

"PITTSBURGH PERFECT" FENCES REPRESENT PROGRESS, because hundreds of thousands of dollars worth of standard material is daily yielded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product.

If your wagon was made in a large factory, its steel would be electrically welded.

You will find electrically welded hoops on ice cream freezers and washing machines on many roofs and buckets. Recognize them "PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD THAT HELD."

MR. FARMER: LISTEN, NOW. Every agent handling "PITTSBURGH PERFECT" fences is authorized to guarantee this:

That the fence will not rust at the joints.

That the fence is perfectly adaptable to uneven ground.

That the fence will not separate from the strands.

That the fence is all right in every particular.

Could you ask any more definite protection? Your complete satisfaction is absolutely assured.

Lone Tree Cullings.

September 19.—After a long absence I will come again with some news from this part of the county.

Miss Martha Meinke celebrated her birthday Sept. 11. A large crowd was present and the evening highly enjoyed. Delicious refreshments were served and enjoyed by all present.

The cotton is almost all gathered in our section and hauling corn is the order of the day.

The Lone Tree school opened Sept. 12. Prof. H. H. Janszen as teacher.

Mrs. Louis Turk and children and Misses Fannie and Helen Hrohek spent last Sunday at Hochheim, guests of Mrs. J. Kram.

Mrs. John Onhaiser was visiting her sister Mrs. Julius Horky last Saturday.

Messrs. Robert Meinke and Willie visited their best last Saturday night.

Friend of Dryer, are you going to be at the Shiner park on Sept. 28th?

As news is rather scarce at this writing, and it is almost mail time, I will put this short.

With best regards to all,
G. F. ME.

There was a short session of Justice Court in Shiner last Monday, only one case was heard, the State vs. Martin Parker, colored, for burglary. Parker was remanded to the grand jury and was placed in the Shiner calaboose to await removal to the Hallettville jail, but he only remained there a short time. He took French leave and departed for parts unknown and up to this hour has not been recaptured. Several cases were continued.

Ban on Babies.

Yokum Herald:

By an order of the school board all children under the age of 7 years on September 1st of this year will be denied admittance to the Yokum public schools for the ensuing session. If a pupil is 7 years old on Sept. 1, 1910, he will be admitted but not otherwise.

W. A. Carnes of the produce firm of S. A. Carnes & Son stated to a Herald man today that they expected to be ready to let the contract for that two-story brick house, by the fifteenth of the month. The new brick will be erected on the lot from which the old poultry house has just been moved.

Dr. Crippen should have sought a change of venue to a United States court. They don't have many delays, and but few technicalities cut a figure in criminal trials in England.

To School Patrons.

Remember that school books are strictly cash. We cannot afford to break this rule. The exchange period of school books has passed and there will be no more books exchanged until there is a change of books all over the state.
